

CURA PERSONALIS PROJECT NEWSLETTER

A Non-Profit Vocational Program for Transitioning Youth and Adults with Disabilities

SPRING PROGRAM UPDATE

CPP wrapped up a wonderful winter season. After a cold and snowy winter, we are super excited for warmer weather and all the wonderful outside projects to clean up the Stables and surrounding property. We are also well into our planting season using our Greenhouse and now transplanting into the garden. The Greenhouse will provide us a wonderful extra garden workspace this summer too. Due to COVID19 closing us for a few months last year, this is our first full start to finish growing season with the Greenhouse we received through a Montgomery County grant in 2019. It's been a wonderful addition to our garden program. We are also grateful for recently being awarded a Maryland Developmental Disabilities Council and Arc of Maryland grant to get our program some technology upgrades, some of which include a wifi extender and a program iPad. We have continued to stay safe against COVID19 by the incredible efforts of our participants and their staff, following safety protocols and helping to set a model example for the greater Wheaton Stables community.

We are thrilled to announce our workshop program is back!! Please see the workshop flyer on Page 3. We are so glad we can bring back this opportunity and integrate transitioning youth back into our community. For more information about workshops and how to attain an application please email info@thecppproject.com. We look forward to the rest of this Spring and upcoming Summer!

CPP CALENDAR :

May 31st: CLOSED - Memorial Day

June 21 to 25: Summer Workshop Session 1 (must pre-register by June 1st)

June 28 to July 2: Summer Workshop Session 2 (must pre-register by June 1st)

July 5: CPP CLOSED - 4th of July Weekend

August 9 to 13: Summer Workshop Session 3 (must pre-register by August 1st)

August 16 to 20: Summer Workshop

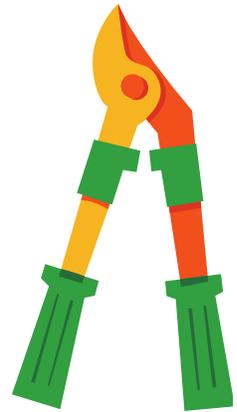

Session 4 (must pre-register by August 1st)

September 6: CPP CLOSED - Labor Day

WARM WEATHER AT THE STABLES!

Unloading dirt to replenish the stalls and riding ring is a fun job. Especially as you get to climb up high and can see all over the property.

Pulling weeds to help keep the stables property and our CPP garden looking neat, clean, and ready for Spring planting.

Grooming is always a favorite job. We love having so many different breeds of horses to help care for at the Stables. Participants, Staff, and Horses alike all have grown to have a very special bond with one another.

CURA PERSONALIS

PROJECT, INC.

Workshops run from 10:00am-3:00pm Monday-Friday, Wheaton Park Stables

Workshop Fees:

\$140 daily - support staff provided by CPP

\$70 daily - providing own support staff

Cura Personalis Project is a 501(c)(3) non-profit organization in Montgomery County, MD which provides vocational and prevocational training to young adults and transitioning youth with developmental disabilities. Cura Personalis Project (CPP) workshops are designed to provide youth, starting at age 14 years, a variety of vocational, team building, and problem solving work training opportunities in a Stables environment. CPP workshop participants will get the opportunity to job sample alongside other young adults and youth of various abilities doing property maintenance both in and outside, stable care, horse care, shredding, gardening, and helping in our vending machine program. Many of our former workshop participants go on to have an easier transition into adult services, after their work experience with CPP, and most have experienced no transition challenges as they have chosen to continue into the CPP Adult program. Please see the information above for Summer 2021 workshop dates and pricing. Due to COVID19, participants who are 16+ as well as any accompanying support staff, will need to show proof of COVID vaccination. To request an application please email
